complies with the requirements of the following EC regulations:

- The requirements of the European Directive 1935/2004 on materials and articles intended to come into contact with food for a short period of time; in particular Articles 3 and 17.
- European Regulation (EC) No. 2023/2006 on "Good manufacturing practice for materials and articles intended to come into contact with food"
- The requirements of the European Directive 1907/2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH)
- Recommendation XXXVI. of the Federal Institute for Risk Assessment (BfR) on paper, cardboard and paperboard for food contact

- The printing inks used are formulated and manufactured in accordance with the EuPIA-Guidelines. The used printing inks contain only substances that are listed in Annex 2 or Annex 10 of the Swiss Ordinance (SR 817.023.21) on materials and articles intended to come into contact with foodstuffs.

Thus the above mentioned products may stand in direct contact with dry, fatty and wet foodstuff for a short period of time.

In most cases, we have no knowledge of the final intended use, we therefore assume that the customer conscientiously ensures that the material or articles for food are suitable for the required use.
