

HAND SOAP DISPENSER INSTRUCTIONS

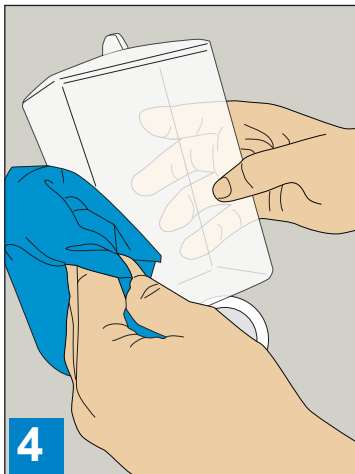

- Open the hand soap dispenser.

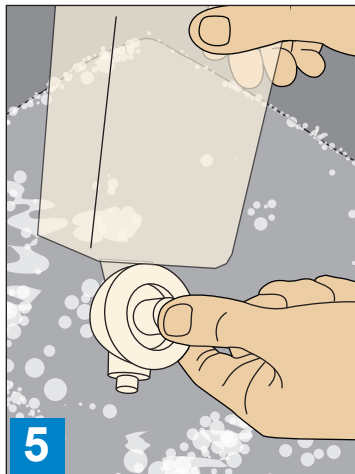

- Remove the hand soap holding unit by pressing the lever at the bottom right hand side of the unit and then sliding it out.

- Empty any residual product and then wash and rinse at back sink.

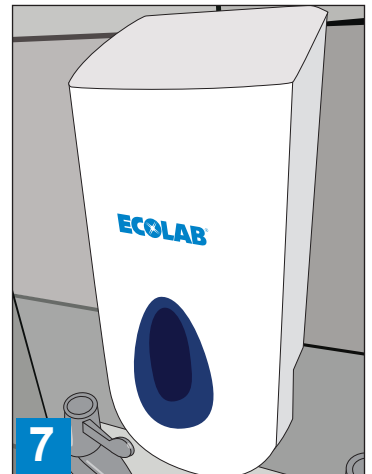

- Dry with blue roll or allow to air dry.

- Make sure the pump is clear of any product by pressing pump until it runs clear.

- Replace soap holding container in dispenser and fill with AMH Foam.

- Close dispenser.
