

SPRAY DISINFECTANT

Hydroalcoholic disinfectant solution without rinsing for hands, objects, and surfaces.

Ideal for disinfecting hands, objects, and surfaces.
Effective bactericidal, yeasticidal and virucidal action without rinsing.
Kills up to 99,99% of the most common germs that can be harmful.
Uncoloured, unscented, does not alter the taste or smell of food.

Manual:

PT1 HANDS - Apply 3 sprays to clean hands. Spread well and rub for 30 to 60 seconds depending on the desired effect. Do not rinse. Repeat the operation several times a day.

PT2 SURFACES and PT4 FOOD SURFACES - Spray a dose of SANITIZER® on the wipe. Rub clean surfaces. Allow to dry. Do not rinse.

Precautions for use:

Sensitive materials (covering paints, varnishes, certain plastics, etc.): test on a small, invisible area before using the wipes. Do not leave more than 10 minutes on surfaces.

Business sectors:

Hospital, medical, catering, hotel and leisure environment, workplace, and education. The formula containing more than 70% alcohol is ideal for hospital staff. Professional use, general public.

DANGER

Highly flammable liquid and vapor. Causes serious eye irritation. Keep out of the reach of children. If you consult a doctor, keep the container or the label available. Wear protective equipment eyes. IF IN EYES : Rinse cautiously with water for several minutes. Remove contact lenses if the victim does and if they can be easily removed. Continue to rinse. If eye irritation persists : get medical attention. Keep away from the heat, hot surfaces, sparks, open flames and any other source of ignition. No smoking. Avoid release into the environment. Dispose of the contents and its container in the appropriate collectors in accordance with local regulations in force. Do not reuse packaging. Do not throw the residue into sewers and waterways.

Biocidal information:

REGULATION (UE) N°528/2012 on biocidal products

Biocide – Hygienic hand rubbing.

PT1: biocidal products intended for human hygiene.

PT2: biocidal products intended for non-food contact surfaces.

PT4: biocidal products intended for surfaces capable of receiving food.

UFI: 2MPV-COSN-500F-QHPQ

N°INRS: 244011 / N°ANSES: 65133/66173

N° Fédéral (CH): CHZN6566.02.001 / N°PCS (IE): PCS 101578

Storage conditions:

Store in the original packaging away from frost and excessive heat.

Expiration dates:

36 months after manufacture.

PAO :

Non applicable

ACTIVE SUBSTANCES:

Ethanol (N°CAS 64-17-5) 67,1% (m/m), Isopropanol (N° CAS 67-63-0) 3.3% (m/m).

Characteristics:

Solution reference: 03SV1013 – SANITIZER SURFACE
 Physical state: Liquid
 Color: Uncolored
 pH: 7 +/- 0,5
 Density: 0.87 +/- 0.01 g/cm³
 Perfume: Without perfume
 Odeur: Alcohol
 Made in France.
 Certified site NF EN ISO 22716 (Cosmetics – Good Manufacturing Practices)

Ingredients:

ALCOHOL, AQUA, ISOPROPYL ALCOHOL, DENATONIUM BENZOATE
